

7th International Joint-Symposium on Engineering Education 2017

The seventh International Joint Symposium on Engineering Education (IJSEE 2017) will be open. We feel so proud and appreciated as well to be the host of the conference. On behalf of the Organizing Committee of IJSEE 2017, please allow me to give our hearty welcome you to participate in the 7th International Joint Symposium on Engineering Education 2017 in Kirishima, Japan. The IJSEE is a meeting for experts of all engineering education to exchange their academic viewpoints, creative ideas and achievements, learn from each other and promote common progress. We hope that this symposium can provide an interdisciplinary platform for students and professors. IJSEE Chair

Scope of this symposium

IJSEE is an International Conference on Engineering Education. The objectives of IJSEE 2017 are to provide opportunity for mutual exchange in engineering education among students.

Conference Time Schedule

20th December, 2017 Technical Tour Sakurajima-Kinkowan Geopark, Chin Jyukan Pottery 21st December, 2017 9:00-17:00 Symposium 19:00 Banquet

Registration Fee Professor 10,000Yen Student 4,000Yen

Submission deadline

30th November, 2017 Extended Abstract A4, 2P (Refer to a template)
4th December, 2017 check the paper returned if posted file is unsatisfied the definition style.
8th December, 2017 accept the final pdf file

Chair
